Happy New Year

What a difference a year makes. Last year I was writing about how cold and damp it was and complaining about “global warming” or lack there of and now here we are experiencing a warmer and drier winter than we have had in years. No complaints from me though, I like it warm even in the winter. After all isn't that why most of us transplants are here?

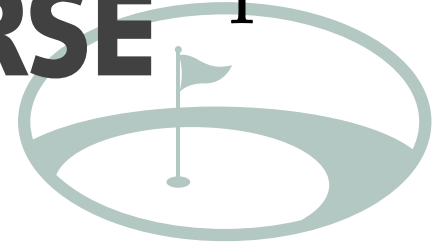

If you have or have not noticed the roof portion of the clubhouse project has been completed. That just means the HVAC units are in place and the repairs to roof are done and all new shingles have been put down. The next phase timeline has not been conveyed to me yet so I can't pass on any more info.

As most of you know the PGA Merchandise Show takes place down in Orlando at the end of January every year in the Orange County Convention Center and covers about one million square feet and will have approximately 1200-1500 vendors. It is quite a scene and will make one do enough walking to make a round of golf seem like an appetizer. I have been going down for almost 25 years now and I am still amazed at what comes down the pipeline every year that will claim you can become the best putter, chipper, driver, iron striker or bunker player the game has ever seen. You can also look better than the rest too because they have every clothing company imaginable to have one look and feel like Bobby Jones or Nancy Haley, just to name a couple. Now don't get me wrong there are products that are good for us all and can help especially some of the teaching and training tools out there. So if you ever get the chance to go see the show, I highly recommend it, if nothing else you can see why small shops like ours has no chance of being able to accommodate all of golf's pleasures.

Upcoming on our golf schedule we are very quiet this time of year; the MGA will have its kick off event with the Winter Classic being held Sat. Feb. 4th and Sun. Feb. 5th. This is a two man team event and there will be 2 formats; Gross Best Ball is one and Net Best Ball is the other. So get a partner and sign up for what has been a fun tournament that hopefully brings a sign of spring. We will also be putting in a new event for this year and that is a qualifier for the 2012 Azalea Invitational at the Country Club of Charleston.

Snee Farm Update COURSE

During the month of February the crew and I will be continuing to work on our winter projects which includes cleaning out ditches around the golf course and also some tree work. The Town of Mount Pleasant will be working in the ditches with us also. We will also be applying some herbicides for winter and spring weed control.

Please remember that it is very important of fill and smooth all divots. This will help keep the fairways and tees playable through the winter and help with the healing during the springtime. And as always, please fix all ball marks. I can not stress enough how this simple act can go a long way on keeping the greens in the best shape possible.

Looking forward to seeing you on the course

Snee Farm Golf continued...

This qualifier is going to take place Sat. Feb 25th and will be an 18 hole blue tee stroke play event. The low 2 scores will receive an invitation to this event. Sign up for this is in the pro shop.

Well I am off to sunny and warm Orlando for the PGA Show.
